Extreme Cold Weather in the Alaskan Gold Region.

TWO MORE PROSPECTORS RETURN

Eight Hundred Men From Dawson City Trying to Reach Fort Yukon to Obtain Food—Many People Will Starve in Dawson This Winter—Still People Are Already Starting For the Gold Fields.

VICTORIA, B. C., Dec. 18.—W. Kastner and George McLachlin, who left Dawson City on Nov. 3, arrived at Victoria on the steamer Corona. They bring news that 800 men have accepted the offer of the Alaska Commercial company and the Canadian government to supply them with food free at Fort Yukon and have gone for it. About 30 men were passed on the trails. All were shy of provisions and suffering severely from the cold which ranged from 50 to 70 degrees below.

Major Walsh, administrator of the Yukon, was found encamped at Big Salmon, awaiting relief from Skagway. He had lost two boats and much of his provisions. The remaining portion was spoiled, and unless relief arrives soon he will be without food. Kastner says he can not reach Dawson this winter. One of his party, Freeman, was drowned on Thanksgiving day. Two of the party of five who left Dawson shortly before Kastner are in a bad predicament. They have been separated from their companions and are without food. Kastner says people will starve in Dawson this winter, as there is not food enough.

About 1,000 are talking of coming out on the first ice. Kastner and McLachlin had a rough time coming out. They started with four sleds, but had to discard these and all unnecessary luggage. For four days before reaching Little Pelly they were on short rations, and all the way had to sleep in the open, beside a fire. The weather was cold all the time. The police are now stopping all men going in, as it is next to impossible to make the trip.

The steamers Bella and Ware had been gone three weeks to Fort Yukon for provisions, but as the river was full of ice when the party left Dawson, there is no hope of the steamers getting back for several months. Kastner and McLachlin say there is no truth in the sensational story brought out by the Indian mail carrier, Auk, to the effect that 1,000 men are on their way out from Dawson.

The Corona has on board a United States marshal and a number of prisoners for San Quentin, including "Slim" Birch, acquitted on the charge of murdering Deputy Marshal Watts, who attempted his arrest, but sentenced to three years for the crime of mayhem. One Indian is sentenced for life for murder and another seven years, also for murder, and four white men sentenced for misdemeanors.

VESSELS FOR THE YUKON.

New Yards Being Built in San Francisco to Supply the Demand.

SAN FRANCISCO, Dec. 18.—Three Yukon river steamers and several barges ordered by the Alaska Exploration company will be constructed in this city. Men were employed to prepare the vacant lots on Spear street just north of the Sailors' home, for a shipyard, where the steamers and barges will be built.

The Alaska Commercial company has decided to build in this city four new steamers for the Yukon. The Union iron works are now building an ocean steamer of 1,300 tons for this company, and a vessel of a similar size for the Pacific Coast Steamship company.

New Route to the Yukon.

SEATTLE, Wash., Dec. 18.—Steam schooner Augusta has arrived from Copper river after a very stormy voyage. George J. Rennick, who came down on her, claims to have discovered a new route to the Yukon, the location of which he will not disclose. He says that with the exception of 30 miles overland he can go all the way by water. Rennick has several claims in the Copper river country, and will take back 40 miners with him.

Started For the Klondike Country.

TACOMA, Wash., Dec. 18.—The steamer Alki sailed last night for Skagway with a small cargo and 150 passengers, among those on board being Mrs. S. A. Hix of San Bernardino, Cal., a member of the first white family that went to California. She is bound for the Klondike country and will go over the mountains as soon as the trails are passable.

ENCAMPMENT DATE FIXED.

The G. A. R. Reunion in Cincinnati Will Be Held Sept. 5 to 10.

CINCINNATI, Dec. 18.—The date of the national encampment of the Grand Army of the Republic has been fixed for Sept. 5 to 10, 1898.

The local committee some time ago had recommended the week preceding, Aug. 28 to Sept. 3. This met opposition on the ground that it would come just before pension payment in Ohio and several other states. It also was objectionable because it lapped over from one month to the other.

The entire day was spent in consultation and when Sept. 5 to 10 was selected it met the approval of the executive council as well as of the local committee. General Gobin barely had time to reach his train after the session ended. The utmost good feeling has prevailed and all concerned are looking forward to a most successful encampment.

NEW COAL FIELD IN OHIO.

Rich Veins Have Been Discovered in the Southern Part of Jackson County.

JACKSON, O., Dec. 18.—Land owners in the southern portion of this county are considerably excited over recent discoveries which indicate that by far the most abundant and richest veins of coal yet discovered in this county lie in that section. This portion of the county has not until quite recently been tested for coal.

About two years ago a company of eastern capitalists was represented by Mr. Harvey Wells, founder of the city of Wellston, who, accompanied by a corps of engineers, made an extensive tour of inspection throughout the lower section of this county. A test hole was drilled on the farm of Mr. Harrison Canter, in Hamilton township, and coal which was pronounced first class by Mr. Wells and other experts, was found.

Owing to the lack of railroad facilities the matter was dropped for the time but Mr. Canter at once put in a bank and has since been supplying the entire neighborhood with fuel. Since that time every land owner in the neighborhood has put in a bank upon his place, and has found the same grade and quantity of coal as that which underlies the Canter farm, showing the underlying vein to be one continuous stratum.

It is said that influential parties, who have recently become interested, have succeeded in interesting the Cincinnati, Hamilton and Dayton railroad, whose line runs within four miles of the Hamilton township discoveries, and that active preparations will begin at once looking to the immediate development of this land, which promises to become the best yielding coal lands in the state.

Beaten and Robbed.

LIMA, O., Dec. 18.—Jeff Stoffer of Allentown is confined to his bed as a result of being held up by highwaymen on his way home from this city last night. Stoffer received a payment of \$200 in cash while here and displayed the money in several saloons. When about two miles from town he was attacked by two men who beat him into unconsciousness and robbed him of the money. It is thought the robbers followed him from the city.

Leg Badly Mangled.

MARYSVILLE, O., Dec. 18.—Albert Carr, a married man, aged 47 years, met with a dreadful accident on the Toledo and Ohio Central railroad near Main street. A boxcar struck him, knocked him to the ground, dragging him a considerable distance. His left leg was horribly mangled, and his right arm, hand and body injured. Mr. Carr is one of the best known citizens of Marysville and a stonemason by occupation.

Ohio Base Ball League.

CANTON, O., Dec. 18.—The Ohio Base Ball League was organized here yesterday. Officers elected were: President and secretary, Cassius M. Miller of Canton; treasurer, George Goodhart of Massillon. The single umpire system was adopted and the League agreed to go under the national agreement. Not more than three games will be played consecutively in any city. The season opens May 15 and closes Sept. 1.

Proved a Murder.

CINCINNATI, Dec. 18.—Mrs. Kate Sheehan, who was shot and mortally wounded by her husband Thursday afternoon in Mother Miller's lodging house at 221 East Pearl street, died at the city hospital at 9:15 o'clock Friday morning. Police headquarters was at once notified and the charge of murder was placed after the name of George Sheehan. Sheehan, who attempted suicide, will recover.

Strong Cuban Resolution.

NASHVILLE, Dec. 18.—The American Federation of Labor passed a resolution declaring "that it is the sense of this convention that the United States congress should waste no more time in useless debate and diplomatic chicanery, but should take such immediate action as may tend to put an end to the indiscriminate murder of the common people of Cuba by Spanish soldiery."

Crooked Cashier Caught.

COLUMBUS, O., Dec. 18.—The authorities of the United States courts here have been notified of the arrest at Cripple Creek, Colo., of Harry N. Clark, who is under indictment in this federal court for making false entries in his books as cashier of the First National bank of Bridgeport, O. He will be brought back for trial.

Sang on the Streets.

MARYSVILLE, O., Dec. 18.—Messdames W. T. Wood, H. E. Sharrer, A. J. Hare, William Perfect and Miss Hattie Cross, five of the best singers of the church and of the town, sang upon the streets and in business places yesterday and collected a large sum of money for the benefit of the new church fund.

Oil Pumper Injured.

FREMONT, O., Dec. 18.—While at work pumping oil on the George Wilt farm, west of town, Wilson Elmann, a pumper, was seriously injured. The handle plate of the engine struck him rendering him insensible, and escaping steam scalded his prostrate form.

Case Continued.

LONDON, Dec. 18.—Richard Arthur Prince, alias Archer, who assassinated William Terriss, the actor, Thursday night as the latter was about to enter the Adelphi theater, was arraigned in the Bow street police court yesterday and remanded until Wednesday.

MURDERERS HANGED

Legal Executions in Several Different States.

CHILD SLAYER HUNG IN MISSOURI

He Drowned His Three-Year-Old Daughter to Please His Second Wife—William Johnson Hanged in Tennessee—Double Hanging in Georgia—Boy Hanged in Alabama—One in West Virginia.

KANSAS CITY, Dec. 18.—William Carr, the child murderer, was hanged at the Clay county courthouse at Liberty, Mo., at 10:34 yesterday.

William Carr's crime was one of the most brutal and unprovoked in the history of the state. His capture and execution followed with the fitting dispatch. On Oct. 13 last the body of Belle Carr, a 3-year-old child by the murderer's first wife, was found on a sandbar in the Missouri river, near Kansas City. The case remained a complete mystery until Oct. 25, when Carr was arrested at his home in Liberty. He at first denied his guilt, but when brought to Kansas City, to prevent a lynching, broke down and confessed. Later Carr, who is a gaunt backwoodsman, 37 years old, told, without the least show of emotion, how he had carried the child from its home, tied its arms and legs securely, corded a heavy stone to the little one's breast and then, answering to her query, "What are you going to do, papa?" threw her into the water.

He admitted that Mrs. Carr had told him to get rid of the child, and it developed that she had been brutal to Belle, but Carr maintained stoutly that his wife had no hand in the crime. For a time Carr delighted in his notoriety, and talked glibly to his visitors of the crime. This was followed by a spell, during which he begged to be done away with without delay. At his trial on Nov. 16, Carr was convicted promptly, and since then he weakened perceptibly, and only a week ago Sunday tried to commit suicide by swallowing pounded glass.

HANGING IN TENNESSEE.

William Johnson Dies on the Scaffold at Covington, Tenn.

PADUCAH, Ky., Dec. 18.—William Johnson, colored, was hanged at Covington, Tenn., at 12:50 yesterday. The condemned man walked quietly from his cell to the scaffold, made a full confession and died with a smile on his lips. Company R, national guard, state of Tennessee, was present to protect the prisoner had there been signs of lynching, but the soldier boys were not needed.

The crime for which William Johnson surrendered his life was the cold blooded murder of Farmer Walter Boyd of Idaville, Tipton county, Aug. 5, last. The only justification the negro offered was that he heard Boyd had threatened him. The prisoner has been confined in the Memphis jail, because lynching was feared had he been permitted to remain in Tipton county's prison.

Double Hanging in Georgia.

ATLANTA, Dec. 18.—Bud Brooks and Grady Reynolds, who together murdered Merchant M. C. Hunt of Belton, Ga., were taken from the county jail at Jefferson yesterday and privately hanged on a hill a few yards distant. Both made statements from the gallows. The drop fell at 12:17. Both men died on the same gallows.

BIRMINGHAM, Ala., Dec. 18.—Bud Beard, a negro boy, was hanged at Carrollton yesterday for assault. The hanging occurred on schedule time, and passed off quietly. It is said that citizens on the telephone line for fear that the governor might commute Beard's sentence at the last moment.

RICHMOND, Dec. 18.—A special to The Dispatch from Welch, W. Va., says that John Hardin was hanged at Grundy, the county seat of Buchanan county, yesterday, for the murder of George Mounts.

MORGAN'S LAST WORDS.

He Accused Ben Anderson of Being Implicated in the Murders.

RIPLEY, W. Va., Dec. 18.—The remains of John Morgan, who was hanged here Thursday, were taken to the home of his wife, and they will be buried on his father-in-law's farm at a spot he selected. This he did while he was out of jail, after his escape.

Morgan claimed that he intended to return to jail, and this statement is borne out to a certain extent by the two last requests he made. One was that he be buried at the spot he selected, and the other was that Sheriff Shinn see that Anderson be arrested and put on trial for murder.

"For," said Morgan, with almost his dying breath, "he is as guilty as I am." Sheriff Shinn will investigate the matter. Anderson is at his home in Ripley and is a very sick man. He has broken down both physically and mentally and is a wreck of his former self. He has not accounted for his whereabouts on the night of the murder, but inasmuch as Morgan was convicted and executed on the testimony of one of the three women whom he sought to murder, but who escaped, though badly wounded, it would seem that Morgan's whisperings to the sheriff were prompted more by his evil nature than truth.

MURRAY, Ky., Dec. 18.—Nath White, a liveryman at Hazel, was stabbed in the neck by Tom Lamb, his cousin. An old grudge. White may die.

DAN CREEDON KNOCKED OUT.

"Kid" McCoy, the Middleweight Champion Pugilist of the World.

NEW YORK, Dec. 18.—Norman Selby of Rush county, Ind., better known in pugilistic circles as "Kid" McCoy, is undoubtedly the middleweight champion pugilist of the world. He met Dan Creedon of New Zealand last night in the arena of the Puritan Athletic club at Long Island City, and after fighting 15 lively rounds, made the foreigner throw up the sponge and acknowledge the "Hoosier's" superiority. Long before the big event took place the frame building in which it was held was crowded to excess, and bets were freely made, with McCoy the favorite, at 10 to 8 on.

The "Kid's" wonderful science and self-possession were always in evidence and these, combined with the advantage of height and reach, enabled him to outpoint his more stockily built antagonist. From the moment the men put up their hands in the opening round, McCoy's stock began to ascend and at the end of the sixth round McCoy's backers were offering 3 to 1 on their man. "McCoy is a wonder," was the universal comment when the fight was over and no one, even those who bet against him, begrudged him his well won laurels.

Only a Round and a Half.

HOT SPRINGS, Ark., Dec. 18.—Gus Ruhlin and Billy Smith, the champion heavyweight of Texas, met before the Hot Springs Athletic club last night, in what was to have been a 15-round go. Smith was outclassed, and after one and one-half rounds, in which he was badly punished, the referee, Jack Everhardt, stopped the fight and gave the decision to Ruhlin.

STEAMERS TO THE RESCUE.

Relief Expeditions Sent to the Wreck Off Vancouver's Island.

VICTORIA, B. C., Dec. 18.—The government steamer Quadra has left for Barclay sound to institute a search for the three boats which, six days ago, left the steamer Cleveland with 22 men and which have not since been seen, and also to render assistance to the survivors of the disaster who are staying with the stranded vessel.

Captain Irving went down on the Quadra and his company's steamer Willapa is also on the way with Diver McHardy and some working apparatus on board. Inspector of Hulls Collister is also on the Quadra, so that a thorough investigation can be made of the steamer.

It is quite possible that the steamer can be raised, but scant hopes are held out for the three missing boats and their occupants. The Indians did considerable damage in looting the ship. Constable McKenna went on the Quadra to take steps to prosecute the offenders.

An Unprovoked Murder.

LOUISVILLE, Dec. 18.—Claude Bryant, a bartender at Abe Roth's saloon, Sixth and Green streets, was shot and killed yesterday by Curtis Dearing, son of Charles T. Dearing, president of the Louisville Book company, and one of the most prominent citizens of Louisville. Bryant was unarmed while Dearing used two revolvers, firing nine shots in all. The killing was entirely unprovoked. Dearing was arrested and presented in the police court immediately after the killing. The case was continued.

Acquitted on "Unwritten Law."

LEXINGTON, Ky., Dec. 18.—The Fayette county grand jury returned an indictment against Jacob S. Harris, charging him with murder in the first degree. He caught Thomas H. Merritt in a park with Mrs. Harris and shot Merritt dead. Harris was acquitted by Judge Falconer on that "unwritten law" which, the judge said, "gives man the right to defend his wife and home against the intrusion of another."

Midget Record Broken.

QUINCY, Ill., Dec. 18.—The smallest baby that has been born for many years is the daughter of Mr. and Mrs. Frederick Slusher. It weighs a trifle less than a pound without clothing. Her face is not much larger around than a dollar, and her legs are about as large as the little finger of an adult. She is four days old and has grown steadily since her birth.

Volcano Creates a New Island.

SAN FRANCISCO, Dec. 18.—A new island was recently thrown up by volcanic action between Lumbidan and Mompakoi. It appeared on Sept. 21, and is 45 feet in height, 250 yards long and 150 yards broad. The highest point is a mud crater. Much bubbling goes on in cracks and holes, which emit gas.

Ninety-Nine Years For Murder.

PADUCAH, Ky., Dec. 18.—William Holly, on trial at Eddyville, Ky., for the murder of William Askew, an old man, was given 99 years' imprisonment. His accomplice, Cato, will be tried next May. Askew was beaten to death with bowlders and his body was sunk in the Tennessee river last summer.

Brave Man Assassinated.

KNOXVILLE, Tenn., Dec. 18.—While George Powell, Jr., was waiting to settle an old dispute over hogs with S. Burchfield, in Cade's Cove, he was assassinated. Powell had agreed to fight Burchfield first, and, if winner, to shoot it out with two brothers named Basher.

LEXINGTON, Ky., Dec. 18.—Mrs. Curtis Willmott, wife of a farmer, while riding in a buggy in the neighborhood of her home, fell dead.

A REVIEW OF TRADE.

R. G. Dun & Company's Weekly Business Report.

IT IS SURPRISINGLY LARGE.

The Production of Iron and Woolsens and Boots and Shoes Is Larger Than Ever Before, Helping All Past Records, and Failures For Two Weeks Have Been Very Small.

NEW YORK, Dec. 18.—R. G. Dun & Company's weekly review of trade says: Close to its annual holiday and halt, the business of the year is surprisingly large. Payments through banks are again 2.5 per cent larger than in 1892, heretofore the year of greatest prosperity; the production of iron and woolsens and boots and shoes is larger than ever before, eclipse all past records, and failures for two weeks have been the smallest for corresponding weeks in years. The treasury shows a steady increase for the first half of December over previous months, both in customs and revenues, and heavy payments to the government on Union Pacific account caused but slight stringency in money markets, with preparations for large cancellations of bonds.

The most weighty news of the weeks is the rise of merchandise exports in November to \$116,630,290, the excess of exports in four months being \$229,212,401, while in half of December exports are nearly as large, and imports \$2,500,000 smaller than last year, when the excess of exports was \$58,205,366. Probably all records are surpassed by exports for this year, which have been \$874,000,000 in 11 months, and the excess over imports in five months has probably exceeded \$289,000,000.

The output of pig iron Dec. 1 was the greatest ever known, 226,024 tons against 213,159 Nov. 1, 1896, and 217,303 in November 1895, and the highest point heretofore. Unsold stocks also decreased in November, 29,652 tons, indicating consumption of about 230,000 weekly during the month. Bessemer declined in the face of such production 10 cents, and grey forge 25 cents at Pittsburgh. The demand was on the whole greater, and unusual structural contracts for the season were placed, with sales of 10,000 tons steel rails at New York and the largest orders ever booked by the Illinois Steel company, it is said, and unexpectedly heavy business in plates. Much buying also resulted from expectation of the wire consolidation, including 25,000 tons Bessemer and 50,000 tons billets at Pittsburgh. No reaction comes in copper and exports for the month are estimated at 10,000 tons, and tin plates slightly stronger. Coke production was 154,925 tons, with contracts making for the coming year at \$1.50, and anthracite coal was weaker at \$3.75 here.

Wheat is just now the backbone of foreign relations, and Atlantic exports in two weeks have been, flour included, 7,880,942 bushels, against 5,413,677 last year, while receipts rose to 12,060,122 bushels, against 6,625,382 last year. The price gained a fraction in spite of the speculative decline in Chicago.

Corn exports continue to exceed last year's in two weeks, 6,326,894 bushels, against 5,074,626 last year, which is a particularly significant feature. The price rose but a fraction, and receipts in two weeks were 8,033,011 bushels against 5,449,181 last year.

The cotton manufacture is in difficulty, due to production last year far in excess of demand and to partial transfer of the demand to southern mills. While domestic and export sales have been large they are behind a production exceeding that of the best previous years, northern and southern included, and the effort to straighten things by a reduction of wages presumably involves a strike and a reduction of output. Goods are generally weak, and the range of prices is now the lowest ever known, the reduction in bleached goods, prints and wide sheetings, having caused considerable increase in demand.

The demand for woolen goods is increasing and some mills are in the market providing for a greater production, though most are waiting, and the wool market is remarkably dull. Sales at three chief points being 15,350,100 pounds, against 18,100,100 last year, 17,179,110 in 1895 and 16,504,100 in 1892. While prices are said to be held without change, manufacturers are hunting for bargains, and foreign wool in considerable quantity is coming this way.

Failures for the week have been 329 in the United States, against 387 last year, and 28 in Canada, against 41 last year.

Excitement in a Bank.

SABINA, O., Dec. 18.—There was an exciting time in the vicinity of the Sabina bank here yesterday afternoon. John Butterfield, who was formerly a prominent contractor and well-to-do citizen of this county, went into the bank and, it is alleged, flourished a revolver, called for Mr. E. A. Lewis, the president, and attempted to shoot him. Mr. Lewis escaped into the vault and this undoubtedly saved his life. Butterfield made an assignment some time ago, and Mr. Lewis was appointed by the court to adjust his business. Butterfield was promptly arrested and is now in jail.

BATH, N. Y., Dec. 18.—Albert Lewis, 40, of Prattsville, was arrested for attempting to break into County Treasurer Conlin's house, and placed in the lockup in the fire department building. Lewis set the fire department building ablaze. The joker started all right, and it was demonstrated the fire department could not even save itself. The entire building was consumed. So was the apparatus. So was Lewis.

THE Commercial states that a petition signed by 20,000 Louisville Republicans protesting against the civil service law has been sent to Washington. The Post adds that there must be some mistake about this, as nothing like 20,000 Republicans in Louisville know how to sign their name, and among those who can write are several who favor civil service law.

A WASHINGTON dispatch says the civil service agitators have just realized what a stone wall they are likely to encounter in their fight to change the present system. A quiet tip has been given out to them from friends of the administration that success in Congress will do them no good, as the President will promptly veto any measure materially lessening the scope of civil service.

WHEAT MAY GO HIGHER.

President of the Chicago Board of Trade Looks For Higher Prices in May.

CHICAGO, Dec. 15.—Wm. T. Baker, President of the Board of Trade, says with reference to the unusual conditions in wheat:

"Cash wheat is at a premium over future delivery here and in all parts of the world, because more of it has been sold than can be delivered. Wheat is scarce all over the world. Not enough was grown last year to supply the demand. America now has the opportunity to make its own price for wheat. It has in the past been considered by many to be a blessing for us to supply the world with cheap wheat, even though our own farmers hardly could make both ends meet on the cost of production. Now, perhaps, in view of the prosperity which has come to this nation from higher prices there will be less sympathy for those operating to depress grain values below the values normally adjusted by demand and supply.

"In the past, unlimited quantities of wheat have been sold on the market and resold with no demand for its delivery. Now, however, the wheat is wanted so badly by consumers that contracts calling for delivery can stand for no "wind" wheat. We shall probably see the same tight conditions in May wheat when May comes as we now see in December wheat.

"I think that this country already has exported much of the wheat which it will soon need for its own consumption and that the full scarcity is not by any means yet appreciated."

River News.

The Queen City passed down at 9 o'clock last night.

The Bonanza for Pomeroy and Queen City for Pittsburgh to-night.

Four steamboats have sunk and three burned during the past three months.

There has been a good rise at Pittsburgh almost weekly since the drought was broken.

Captain Sam. Bryant has been appointed commander of the Kansas City, and Captain Eph Talbert goes on the Bostona.

The prompt work and presence of mind of Second Mate William Howard recently prevented a disastrous fire on the Bostona. Mr. Howard is an Aberdeen boy.

The outlook is favorable for a good Ohio river stage from Pittsburgh to Cairo throughout the holidays. Some river men report business rather dull for this season of the year.

England's ships carry more than seventeenth of the ocean commerce of the world, and earn for her over \$800,000,000 annually, says Leslie's Weekly. To this stupendous total the United States contributes each year \$300,000,000.

A new industry has been established, and it will prove to be of great benefit to the river towing interests. Two model barges of pulp wood were recently towed from down the Mississippi to Huntington, W. Va., and they will be loaded into cars there for shipment to Piedmont. There the pulp wood will be used in making postal cards. In the two barges there were about 150 carloads of the wood.

Notice to Merchants.

A few days more Christmas will be here, and merchants who desire to dispose of their holiday goods should hand in their "ad" Monday morning. An "ad" in DAILY and WEEKLY BULLETIN covers the field better than it is possible to cover it in any other way.

MR. JOHN MARSHALL.

Death of a Well Known Citizen Friday Afternoon at His Home Near Washington.

Mr. John Marshall, whose illness had been noted in the BULLETIN, died at his home in the county yesterday at 1 o'clock p. m. He had been complaining for some two weeks or more, but was not thought to be seriously ill until within the past few days. His death was due to stomach trouble and complications arising therefrom.

He was about sixty-seven years of age, and was born and reared in this county, being the second son of the late Mr. John Marshall, of Mill Creek, all of whose generous traits he inherited. No kinder nor more guileless man could have been found than Mr. Marshall; every ready to lend a helping hand to the distressed, or do any manner of kindness for a friend or neighbor. No one ever applied to him in vain for assistance, nor can any claim they were ever wronged by him in the slightest way, as he would rather have suffered wrong to any extent than to inflict wrong in the most inconsiderable way. He was honest and conscientious in the highest degree in all his transactions with his fellowmen, and many a man has he befriended in financial straits.

Mr. Marshall left no immediate family, never having been married. Mr. James Marshall and Miss Mary McDowell Marshall and Mrs. James Casey are the only surviving brothers and sisters.

He will be buried Sunday morning at the Marshall family burial-ground at Washington, with services at the Methodist Church at 11 o'clock, conducted by Rev. U. W. Darlington.

NICE CHRISTMAS GIFT

A Membership Ticket in the Y. M. C. A. Would Prove—Praise For Miss Glascock—To-morrow's Rally.

The men's rally to-morrow afternoon at 3 o'clock will be conducted by Mr. George H. Frank, with the assistance of several other young men. A portion of the service will be devoted to consideration of Y. M. C. A. normal colleges for the training of association leaders. There will be other good features also. The musical program will be attractive as usual; Mrs. E. B. Daulton will act as pianist, and the clarinet will be played by Mr. Lee B. Gray. All men invited to attend.

Secretary Canfield would be pleased to meet all boys, including the Juniors, who will come to the cozy parlors of the association to-morrow afternoon at 2 o'clock. In addition to singing and other enjoyable exercises, the leader will tell the boys all about a lad who once lived in Palestine and helped to feed 5,000 people.

Reader, has the thought ever occurred to you in planning your Xmas gifts, that a Y. M. C. A. membership ticket for your son, or brother, or some young man of your acquaintance, would prove to be a most acceptable present, from which the recipient would derive unlimited profit and pleasure throughout an entire year? The cost of such a ticket (only \$5), or but three for boys under fifteen, when compared with the many valuable privileges afforded to members of this excellent institution of our city, seems very small, and surely there are liberal minded persons in Maysville who can and will plan to make some young men or boys, who could not otherwise afford to join the association, the happy possessors of a Y. M. C. A. membership ticket.

The "Bourbon News" has the following word of praise for Miss Glascock, (niece of our worthy citizen, Mr. A. R. Glascock), who is to give her Greek art entertainment under the auspices of our Y. M. C. A. Women's Committee in the opera house on January 14th and 15th:

"Miss Harriet Wellington Glascock, a handsome and talented Kentuckienne who gave a successful Grecian entertainment in this city, will shortly give her first entertainment in Maysville, her native city. During the summer this untiring Kentucky girl studied new work at Lake Chautauqua, and lately she has given a series of artistic entertainments in Indiana. Maysville should greet Miss Glascock with a large audience."

—Mrs. W. F. Earl, of Philadelphia, is the guest of Miss Margaret Allison, of "Sunny Side."

—Mr. and Mrs. E. O. Piles, of Ogden, Utah, are visiting their daughter, Mrs. Henry Piles, near Mayslick.

—Misses Margaret Allison and Mayme Key have returned home after a pleasant visit to Mrs. T. N. Dudley, of Flemingsburg.

The right time to treat a cough or cold is right away. Delay means danger. Dr. Bell's Pine-Tar-Honey is a quick cure, a safe cure. Druggists sell it. For sale at Chenoweth's drug store.

BIG PRICES FOR TOBACCO.

Highest of the Season For the New Crop Obtained at Louisville Thursday. It Was \$21.50.

[Courier Journal.]

The leaf tobacco market is showing great strength and much animation this week.

The banner price for the new crop was reached Thursday in the sale of two Clark County hogsheds at \$21.50 a hundred pounds each.

Two other hogsheds sold at \$20.50 each. These are the highest prices paid on any market this year.

Large purchases are being made in the country by a big western manufacturer. Receipts are much below those of last year.

The Greatest Discovery Yet.

W. M. Repine, editor Tiskilwa, Ill., "Chief," says: "We won't keep house without Dr. King's New Discovery for consumption, coughs and colds. Experimented with many others, but never got the true remedy until we used Dr. King's New Discovery. No other remedy can take its place in our home, as in it we have a certain cure for coughs, colds, whooping cough, etc." It is idle to experiment with other remedies, even if they are urged on you as just as good as Dr. King's New Discovery. They are not as good, because this remedy has a record of cures and besides is guaranteed. It never fails to satisfy. Trial bottles free at J. Jas. Wood's drug store.

THE Pastor's Union of the city of Maysville will meet in the study of Rev. I. P. Trotter next Monday afternoon at 3 o'clock. All are requested to be present, as business of importance will be transacted.

A REPORT spread through the city this morning that Mrs. Hannah Curtis was murdered last night, but Aunt Hannah is alive and well at her home in the Sixth ward. Just who originated the wild rumor is not known.

THE Court of Appeals Friday overruled the petition for a rehearing in the case of Dale & Pollitt against the Commonwealth, taken up from Lewis County. Also in the case of Ceming against Paynter's administrator, from Robertson County.

ENQUIRER: "Colonel Thomas Marshall Green, of Danville, Ky., the well-known writer, was at the St. Nicholas Thursday night, en route for St. Louis, where his brother, Mr. John Green, is dying. The Messrs. Green are descendants of the great jurist, Chief Justice John Marshall."

I AM showing the largest stock of silver novelties in this city. Not wishing to carry any over Xmas I have made the biggest cut that has ever been made on these goods. Mirrors, brushes, combs, suspenders, pipes, pocketbooks, vinaigrettes, pomade jars, scissors, buttoners, files, match safes, erasers, etc. Prices have never been equaled and cannot.

MURPHY, the jeweler.

"This talk against the civil service law by the Republicans," remarked Congressman John Rhea, "is buncombe, pure and simple, and it's indulged in for home consumption. I am against the law and will vote to repeal it, but it's two to one that these Republicans who are getting on their hind legs and denouncing the law for all they are worth would not, if they could, repeal the law, for the reason that to do so would mean their political death. Next year will be a Democratic year, and no amount of denunciation of the civil service law can save the radicals."

The Fayette County grand jury has returned an indictment against Jacob S. Harris, charging him with murder in the first degree. He caught Thomas H. Merritt, a pension agent, in a park with Mrs. Harris and shot Merritt dead. Harris was arrested at the time and acquitted by Judge Falconer on that "unwritten law," which the Judge said, "gives man the right to defend his wife and home against the intrusion of another." Later Harris took his wife back home. The grand jury is of the opinion that there is more in the case than was brought out at the examining trial.

Almost every man in America has some digestive trouble. When men meet, the greeting usually is, "Well, how are you?" That develops health talk. The man who has no bowel or stomach trouble is almost a curiosity. Trouble is men take no care of themselves. They eat as though they had copper stomachs and bowels of brass. By and by, overworked nature rebels. Then come headaches, nervousness, bad blood, liver and kidney troubles. Dr. Pierce's Pleasant Pellets furnish help for constipation and torpid liver, sick and bilious headaches, dizziness, sour stomach, loss of appetite, indigestion, or dyspepsia, windy belching, "heartburn," pain and distress after eating, and kindred derangements of the liver, stomach and bowels. Accept no substitute.
